

COTG participants at Natural History Museum

What is Camp-On-The-Go? Camp-On-The-Go (COTG) is a fun, educationally enriching summer camp for children in the Washington, DC area. Since 1998, we have exposed over 1,000 children to the rich culture of DC while creating a summer environment that improves and increases self-confidence and self-awareness. COTG is designed to prevent learning loss associated with long vacations, allowing campers to return to school equipped for success after a summer of exciting and engaging fun.

Campers participate in STREAM (Science, Technology, Reading, Engineering, Art, and Math) enrichments, including Lego robotics and life skills workshops. Daily field trips provide opportunities for real life connections to STREAM activities, team building and increased exposure to our city.

Who We Are

About Us

Y.O.U.R. (Youth Organizations United to Rise) Community Center opened its doors in 1997 with the mission to enhance family and community life. Y.O.U.R. is a 501(c)3 non-profit organization committed to serving youth in the Washington, DC Metropolitan area. We provide quality enriching out-of-school time programs in a safe, caring and supportive family environment for youth between the ages of 5 and 18.
